

[Apple Watch Series 4 - 42mm](#)

**Apple Watch Series 4 - 42mm**  
The most advanced watch ever. With a Retina display that's 30% larger than the previous generation. And a new S4 chip that lets you track your heart rate, blood oxygen, and even your breathing. And now you can track your menstrual cycle. And you can use it to track your fitness. And you can use it to track your health. And you can use it to track your life.
