

20mm Soft Silicone Replacemet Watch Band For Samsung Smart Watch

Product Design :

- Width 20mm
- Skin-friendly [Silicone Watch Band](#)
- Polished stainless steel buckle

Product Features :

1. Light and Comfortable: High quality silicone rubber making the bands softer than other bands, flexible. Breathable and sweat-proof designed, light and comfortable to wear on your wrist, perfect for both men and women.
2. Double Protection: With the high quality stainless steel buckle, it protects the bands well from falling off or become deformed even in extreme conditions, such as running or exercising, etc..
3. Adjustable Length: You can adjust the most comfortable size for you, no worry about the improper size.
