20-day battery, IP67 water resistant

Running is the most effective way to fit in. When you are running, MI Fit APP works with MI band to remind you of the running speed and the highest heart rate. The app can also help you make a running program to rationally reduce fat and keep fit, effectively improving the efficiency of fitness and exercising. Do not do sports alone, just come and run together!

Sitting too long? Mi Band 2 remind you to do exercise!

The new MI band provides a sedentary reminder feature, designed for those like you who work overtime and are lack of exercise. The band will automatically monitor the status of your activities. When you sit still for long time, you will be prompted by vibration to get up and go out for fresh air and relaxing.
